Chairperson's Report from the month of March 2020

The month of March has proved to be very unusual to say the least. It started off with high expectations of the Round-Up as we were finishing up the planning. Much to our dismay, we find ourselves in the middle of a pandemic that has changed our lives significantly. No Round-Up, well, an online one; postponed breakfast; Zoom meetings. We will all get through this.

As you know, the Round-Up is a major source of income for SEPIA and I encourage all of you to stress the importance of getting individual and group contributions to replace the lost revenue.

As we all know, all 12-step committee meetings are either postponed or will be held virtually. All Zone meetings are to be held virtually.

Not much more to add other than that best wishes that all stay safe.

Elaine, it has been an honor to have worked with you on the Steering Committee for all these years.

Sincerely,

Mark P., Chairperson

Vice Chairperson's Report from the month of March 2020

I attended the following meetings this month: Philadelphia County Zone, Ad Hoc Web Site Committee, and Steering Committee. I chaired, via Zoom, the Special Events Committee on March 30th. See pages 7 and 8 for the minutes from this meeting.

The Round-Up in Cape May has been cancelled due to circumstances beyond our control. But details are currently being worked out to have a Virtual Round-Up on the same weekend featuring the Friday night A.A. and Al-Anon speaker meeting, a Long-timers Panel on Saturday afternoon, a Saturday night Banquet Speaker meeting, and a "God as I Understand Him" meeting on Sunday. This will be a free event but individual A.A. members can always donate to our Intergroup office. The Round-Up in Cape May has always been SEPIA's main yearly fund-raising event. More information regarding the Virtual Round-Up will be posted on SEPIA's website in the near future.

The Gratitude Breakfast originally scheduled for May 17th has been postponed. The Special Events Committee will be revisiting this in their July meeting with the possibility of having the Gratitude Breakfast in the fall.

Rich M., Vice Chairperson

Treasurer's/Finance Committee Report from March 20, 2020

The next finance meeting will be held by Zoom on Thursday, April 16, 2020 at 7 pm by zoom ID 7206965759 SEPIA1903.

All are welcome to attend and help us review our current financial position and help to find ways to work through this strange time.

Office Manager's Report

Round-Up: At the time of the cancelation, we had 307 people pre-registered. We had also received \$215 in extra donations for prisoners, \$329 for scholarships for newcomers, \$33 for donations to SEPIA. We have sent out emails to everyone who pre-registered, offering refunds. As many of you know, the Round-Up is our biggest fundraising event each year. The money raised is used to keep the SEPIA office open and able to help carry the message to those still sick and suffering. Because of this, some people have generously allowed SEPIA to keep their registration fees, which we truly appreciate! We are refunding banquet fees and fees paid for t-shirts and hoodies as well, if requested. Since we have already ordered the t-shirts and hoodies, we do need to sell as many as we can. We also think the design is too good to go to waste, and the shirt color will be black this year! To reserve yours, go online to <https://aasepia.org/roundup> or email assistant@aasepia.org with your desired sizes and credit card information. Thank you one and all for your understanding and patience in getting your refunds to you, and hope to see many of you at next year's Round-Up, which is scheduled for April 16, 17 and 18, 2021.

SEPIA Office details: The new office is currently closed to volunteers, visitors, and committee meetings. Most of the staff are working from home except Maria, the office manager in training, so if you need to contact anyone please do so through their email addresses: KrisH@aasepia.org; KevinB@aasepia.org; DeborahH@aasepia.org; TammiH@aasepia.org; and ElaineJ@aasepia.org. For literature orders or donation questions, contact asssistant@aasepia.org. For the manager, contact manager@aasepia.org.

Phone Calls: Below is a breakdown of all calls received for the last two months by the office staff and the after-hours Interphones volunteers. (The staff have been picking up calls from home during office hours.)

	Office Hours	Interphones		TOTAL CALLS
	Monday to Friday	7 days a week	Weekends	
	9 am to 5 pm	5 pm to 9 am	9 am to 5 pm	
January 2020	492	113	74	679
February 2020	450	106	245	801
March 2020	725	259	182	1258

As you can see, the calls have gone up tremendously during the month of March. If you call and happen to get our voicemail, please feel free to leave a message and we will get back to you as soon as possible.

On-line Meetings updating of website: The SEPIA Office Staff and Tech Team have been working hard on keeping up with the rapidly changing account information for the fellowship. We ask that you continue to submit the adjustments using the form on our website. It is important that all data be made available to members using a variety of devices to join a meeting – **mainly passwords**. Remember not everyone is using the Zoom app and may have just a track phone. Once the information is received, turnaround time is just a short period of time to post on our website meeting list.

Retirement: As my days as your Office Manager are coming to an end soon, I just want share few of my parting thoughts. Our mission at Intergroup has always been, first, to carry the message to the newcomer and, secondly, to all AA members in need. With what is going on in our society today, I am very concerned about those newcomers who are trying to find our program. I urge everyone to try to find ways to reach out to those in need. Maybe it is an old-timer who needs help with online meetings, or just needs a friendly phone call; or maybe it is a friend of a friend or a family member who is having trouble with alcohol during this crisis; or maybe it is a medical student who needs to know about our disease. Make the phone call; meet someone for a walk (keeping a safe distance apart, of course); or drop off groceries to someone who lives alone. You could

even reach out to treatment and recovery places and offer to be a contact for someone who is being released soon to help with their early days of sobriety in the outside world. Whatever you can do to show that we care, and that we are all here, will make a big difference! We are so very blessed to have this program and not have to live in fear.

Even though I am leaving the full-time work force, I am not leaving town. While I plan on having more time to take care of my 93-year-old mother, my phone and home will always be open to anyone who wants to talk or needs help in any way. You can reach me at 215-816-6126 or elainemariejones@yahoo.com. Thank you to everyone who helped me serve you these past ten years (almost!) at the SEPIA office. In my 51 years of working, this was the best job of my life. I will always have a special place in my heart for SEPIA and for all of you in this Five County area.

Yours in service, always - Elaine

Interphones Committee report from the month of March 2020

March is not one of our "meeting months". (The committee meets every other month.) We have trained and assigned seven new Interphones volunteers. Three additional new volunteers await training. Operational problems continue to arise intermittently and have been resolved as they have arisen.

Thank you for your Service,

Prison Committee Report from Thursday, March 5, 2020:

Prison committee meeting was opened by Prison Director Matt F., with a moment of silence followed by the Serenity Prayer.

No comments were made regarding committee guidelines after they were read.

Introductions: Matt F. (director) and Anne Marie S-G. (assistant director) introduced themselves along with Joe C. (Delaware County member) and the following Philadelphia County members: Robert M., Barb C., Tim H., Martin S., new member Isabella H., and Lanice C. The following Zone Liaisons were present: Gwen B. (Chester women, available on Skype), Tom F. (Chester men), Denny L. (Montgomery), Carolyn C. (Bucks women), J. Frank K. (Delaware). Philadelphia county Jillee T. has communicated with the committee as needed due to other commitments.

Director's Report:

State Correctional Institutes continue receiving AA books and pamphlets monthly at the request of the contacts

working with the committee director.

Old Business:

Assistant Director will follow up with Grapevines regarding availability of back issues when their office reopens.

New Business:

The Prison committee was notified by the office of SCI Phoenix secretary on March 13 that due to the COVID 19 outbreak, volunteers would not be permitted into any SCI. Earliest date of return provided was 3/27 though that date requires flexibility pending the pandemic conditions. We were also notified by the Philadelphia Volunteer Director with the same information regarding Philadelphia commitments, and the same is true of Kintock.

Since at this time no SEPIA volunteers are allowed in a five- county lockup, a vote by zone prison liaisons, past prison directors and members enabled us to initiate setup of a local five-county prison pen pal program. We hope to maintain contact between inmates in the AA program and AAs during this fragile time; we are communicating with members and facilities' staff to determine the appropriateness of this action within the realm of our Traditions at this time.

As of 4/3/20, there is no Prison Committee meeting scheduled for April, as all the prisons are closed.

Special Events Committee Meeting from Monday, March 30, 2020

Rich opened the meeting at 7 pm through a zoom meeting

Roll call: Rich M., Mark P., Janet C., Diane C., Glenn S., Maureen C., Eileen S., Lorraine C., Dave C., Elaine J., Fran G., Dan S., Rachel C., Steve N. and Nick P.

ROUND-UP:

- Round-Up registration and banquet fees have been offered back to attendees. Some participants donated the registration fees to SEPIA but asked for the Saturday night banquet fees back.
- Elaine detailed that about \$2,000 has been given back – from the \$13,000 in fees received in.
- The Grand Hotel is refunding participants for room fees directly.
- Regarding the Hoodie and T-shirts: Rich is going to cut the order in half, from 600 to 300 articles. His tentative plan is to cancel the whole order, then reorder $\frac{1}{2}$ the quantity (if we get a refund for the full original half). Rich expects the hoodies and t-shirts to arrive mid-May.
- DJ is refunding us the entire amount submitted to him.
- Rich cancelled as much as he could – ice cream, etc.

VIRTUAL ROUND-UP DISCUSSION:

- Rich brought up the idea of a virtual Round-Up- using a webinar to host possibly 500-1,000 participants.
- He proposed that there be no cost to the membership for the webinar. Hold it on the same weekend as original R/U.
- Stormy asked, how can we get the word out to inform the five-county area quickly? Dan suggested: Promote the S*&^ out of this event to get people to join.
- Elaine will add it to the April Interviews that the shirts and hoodies are available for sale. (The tech group will be sure to have it on the website under Round-Up to order.)
- Over 400 people had signed up for the R/U registration. It was suggested to register everyone to the Virtual Roundup that had registered for the real one. Concern expressed over actually being able to get that done - lack of emails, etc.

- Give people the opportunity to donate to SEPIA during this virtual roundup. (SEPIA losing its major fundraising event of the year.)
- Concern expressed over pulling this off in two weeks. Not enough time.
- Possibly, put a mail chimp email blast notice out to 2019 registrations and every email SEPIA has
- You would need to limit the number of people that can do something in the actual Zoom meeting itself.
- Rich said he has spoken to the major speakers, and they are willing to speak on Zoom.
- After a lot of discussion, there was a motion to have the virtual Round-Up, it was seconded and unanimously voted in.
- Dan said he could design a flyer by tomorrow morning to promote it.
- Rich is going to try to get this moving.

Gratitude Breakfast:

- Rich suggested that we postpone the event until the fall. The conversation is that June is not viable. We will revisit this conversation in July and pick a date in the fall of when this can be rescheduled. We agreed to tell the ticket owners that the event is being postponed and the date is to be determined.
- It was agreed upon to keep the money from the ticket sales – do not offer it back at this time. Advise that the breakfast is being postponed not canceled. Advise the ticket holders that they will be advised of the date in the fall. If the participant cannot make the new date, they will be given the option of reimbursement if they return their ticket and if the new date doesn't work for them.
- 125 tickets were sold by cash, checks and credit cards. Rich approached the venue about rescheduling. The venue will work with us to reschedule in the fall: late September or October.
- Janet made motion and it was agreed to advise the community that the Breakfast will be postponed, and the new date is yet to be determined.'

FYI SIDE NOTE:

- International Convention was cancelled.

New Business:

- We can only plan for a virtual event – nothing in person can be planned in the immediate future.
- We are considering possible BINGO game in the fall... Elaine is checking with the accountant to make sure that this is legal and not considered gambling.
- Groups can collect money using Venmo from their members and then contribute to SEPIA. It is up to the individual groups to decide how to handle their 7th Tradition funds and collections.
- Elaine is going to check with Mike on re-posting the option to buy t-shirts and hoodies on the website again.

Rich ended the meeting at 8:10 pm with the Responsibility Pledge.

Treatment Facilities Committee Report from Monday, March 16, 2020

Treatment Facilities did not meet for our regularly scheduled meeting in March as the date of our meeting was the day, we went into lock down (March 16th). Over the past few weeks, the committee has met three times via Zoom to discuss the logistics of bringing meetings into facilities through Zoom and how we protect HIPPA laws and Traditions in the process of doing so. Through the efforts of all the county Liaisons and Assistant Liaisons, we have put together a schedule, listed below which will allow us to hold daily meetings for the facilities. We will be implementing this schedule starting Monday the April 13th. After the first week of regularly held meetings, we will add on additional time slots. We will have AA members take commitments to speak, just as they would take a commitment from their Intergroup Rep. We will be enlisting the help of IGRs

as well. This will provide the opportunity for people to still get into service and ensure that we are continuing to carry the message into treatment facilities. If anyone has any questions, please don't hesitate to ask. TFC will meet again this coming Sunday the 12th at 8 pm, the link is provided below for anyone who would like to join. Also listed below is the link to the Google Drive folder which contains useful items and information for holding AA Meetings via Zoom. Thank you!

Unity Committee Report from Monday, March 17, 2020

The March Unity Committee Meeting was canceled. All scheduled Unity pitches have been canceled due to meetings being closed. No further information is available at this time.

Information from Chip D.

Unity Assistant Director

Website/Tech Committee Report from Wednesday, March 4, 2020

Meeting opened at 5:30 pm at the SEPIA office

Attending: Maria, Tim, Elaine, Kris, Steven, Fred, Rich, Kevin, Mark, Claire, Sam, Brandon, and Abby

*Action items are in **BOLD***

New Website

Tim explained the neighborhood designation spreadsheet. Steven expressed concern about 10 areas. Fred attended the Web/Tech sessions at NERAASA and the consensus regarding neighborhoods was "that's what Google says."

Near-Me will work soon on Meeting Finder as it does in the Meeting Guide App. Right now, distancing works. Mike will make it so that "within 1 mile," "within 2 miles," etc. There are 3 steps:

1. Near Me,
2. Near Location (using latitude and longitude from Google).
3. Regional Tree - much more difficult, takes a lot longer.

Tim can reach out to a development company to see what it would take to get it all done.

Brandon discussed analytics - lots of people are using the near-me mode. Most value is the basic functionality which is in place - 90% of the way there. We use near-me all the time.

We should get an estimate on the work. Table neighborhoods discussion until we get an estimate.

The app exists and works perfectly - the web is harder to do because it needs to work across multiple devices.

The same data that feeds the app back-end feeds the front-end. We recommend that people get the app.

Sam brought up Google Analytics.

Brandon - Still early, hooked up analytics, still getting baseline. More people are clicking on specific events. We can't rely on a bounce rate.

We should steer people to the meeting app. That's working and we want to send more people to the app.

There is some confusion on the home page. This is why Abby is here. Some things are working well. Abby does user experience. She suggests that if people are looking to find a meeting, put a button on the nav bar. Stop people from clicking around, unsure of where they are going.

Tabs for "Professionals?" "Concerned about a loved one?" Sam is concerned about these groups being addressed on our website.

Abby suggests user testing with 5 users. The user will tell us what changes we need to make.

Tab for "Learn more about the fellowship of AA?" Half the calls to the office are family members of loved ones.

Abby feels that the home page has too much happening and needs to be streamlined.

Abby will gather info regarding user experience and report back next month.

Help for the literature store. UPS rate quote? Sam doesn't know how to fix the error codes.

Brandon will help Sam with the literature store.

Old Business

Access -> QuickBooks is still in progress.

NAATW - It would be best for Tim & Josh to attend if they are available. Tabled pending their availability.

Round-Up

Registration has been going great!

New Business

Maria - We need our logo on the new website. **Maria will send the JPEG to Abby and Abby will recreate the logo.**

Accessibility? Wagtail is mostly accessible. The ARIA tags are in place. Fred knows a blind former programmer in the fellowship if we need assistance.

Kevin - better impact in events page if we go to Google Calendar. You can put directions into Google Calendar. The Area website uses Google Calendar. It displays the calendar as a week or a single day. Sam agrees that we should use Google. We must check for anonymity - no phone numbers or email addresses with a name.

Kevin will get the Google calendar up and running and train the office staff.

Tim will get the calendar as a pull-down menu.

Abby will test the calendar with 11 people.

Add Abby to the Tech Email group.

Need to get the fax # off the directory.

Submitted by Claire B.

Next meeting: Wednesday, April 8, from 5:30 pm to 6:30 pm (via Blue jeans only)
