

SEPIA ARCHIVES COMMITTEE

Mission Statement

Pursuant to A.A.'s primary purpose of maintaining our sobriety and helping other alcoholics to achieve recovery, the Archives of S.E.P.I.A. adopts the following statement:

To receive, classify, and index all related materials including, but not limited to— administrative files and records, correspondence and literary and artifacts considered to have historical importance to Alcoholics Anonymous. To hold and preserve such material, making access possible (as determined by the present archivist in consultation with the Archives Committee) to members of Alcoholics Anonymous, and those of the public who may have a valid need to review said material—such access provided during business hours and by appointment, and with a mindful view toward anonymity of our members.
